If required by law, the Grantee shall complete registration with the Washington State Department of Revenue.

33. RIGHT OF INSPECTION

At no additional cost all records relating to the Grantee's performance under this Grant shall be subject at all reasonable times to inspection, review, and audit by CTED, the Office of the State Auditor, and federal and state officials so authorized by law, in order to monitor and evaluate performance, compliance, and quality assurance under this Grant. The Grantee shall provide access to its facilities for this purpose.

34. SAVINGS

In the event funding from state, federal, or other sources is withdrawn, reduced, or limited in any way after the effective date of this Grant and prior to normal completion, CTED may terminate the Grant under the "Termination for Convenience" clause, without the ten business day notice requirement. In lieu of termination, the Grant may be amended to reflect the new funding limitations and conditions.

35. SEVERABILITY

If any provision of this Grant or any provision of any document incorporated by reference shall be held invalid, such invalidity shall not affect the other provisions of this Grant that can be given effect without the invalid provision, if such remainder conforms to the requirements of law and the fundamental purpose of this Grant and to this end the provisions of this Grant are declared to be severable.

36. SUBGRANTING

The Grantee may only subgrant work contemplated under this Grant if it obtains the prior written approval of CTED.

If CTED approves subgranting, the Grantee shall maintain written procedures related to subgranting, as well as copies of all subgrants and records related to subgrants. For cause, CTED in writing may: (a) require the Grantee to amend its subgranting procedures as they relate to this Grant; (b) prohibit the Grantee from subgranting with a particular person or entity; or (c) require the Grantee to rescind or amend a subgrant.

Every subgrant shall bind the Subgrantee to follow all applicable terms of this Grant. The Grantee is responsible to CTED if the Subgrantee fails to comply with any applicable term or condition of this Grant. The Grantee shall appropriately monitor the activities of the Subgrantee to assure fiscal conditions of this Grant. In no event shall the existence of a subgrant operate to release or reduce the liability of the Grantee to CTED for any breach in the performance of the Grantee's duties.

Every subgrant shall include a term that CTED and the State of Washington are not liable for claims or damages arising from a Subgrantee's performance of the subgrant.

39. TERMINATION FOR CAUSE / SUSPENSION

In event CTED determines that the Grantee failed to comply with any term or condition of this Grant, CTED may terminate the Grant in whole or in part upon written notice to the Grantee. Such termination shall be deemed "for cause." Termination shall take effect on the date specified in the notice.

In the alternative, CTED upon written notice may allow the Grantee a specific period of time in which to correct the non-compliance. During the corrective-action time period, CTED may suspend further payment to the Grantee in whole or in part, or may restrict the Grantee's right to perform duties under this Grant. Failure by the Grantee to take timely corrective action shall allow CTED to terminate the Grant upon written notice to the Grantee.

"Termination for Cause" shall be deemed a "Termination for Convenience" when CTED determines that the Grantee did not fail to comply with the terms of the Grant or when CTED determines the failure was not caused by the Grantee's actions or negligence.

If the Grant is terminated for cause, the Grantee shall be liable for damages as authorized by law, including, but not limited to, any cost difference between the original Grant and the replacement Grant, as well as all costs associated with entering into the replacement Grant (i.e., competitive bidding, mailing, advertising, and staff time).

40. TERMINATION FOR CONVENIENCE

Except as otherwise provided in this Grant CTED may, by ten (10) business days written notice, beginning on the second day after the mailing, terminate this Grant, in whole or in part. If this Grant is so terminated, the Grantor shall be liable only for payment required under the terms of this Grant for services rendered or goods delivered prior to the effective date of termination.

41. TERMINATION PROCEDURES

After receipt of a notice of termination, except as otherwise directed by CTED, the Grantee shall:

- A.** Stop work under the Grant on the date, and to the extent specified, in the notice;
- B.** Place no further orders or subgrants for materials, services, or facilities related to the Grant;
- C.** Assign to CTED all of the rights, title, and interest of the Grantee under the orders and subgrants so terminated, in which case CTED has the right, at its discretion, to settle or pay any or all claims arising out of the termination of such orders and subgrants. Any attempt by the Grantee to settle such claims must have the prior written approval of CTED; and
- D.** Preserve and transfer any materials, Grant deliverables and/or CTED property in the Grantee's possession as directed by CTED.

Upon termination of the Grant, CTED shall pay the Grantee for any service provided by the Grantee under the Grant prior to the date of termination. CTED may withhold any amount due as CTED reasonably determines is necessary to protect CTED against potential loss or liability resulting from the termination. The State shall pay any withheld amount to the Grantee if CTED later determines that loss or liability will not occur.

The rights and remedies of CTED under this section are in addition to any other rights and remedies provided under this Grant or otherwise provided under law.

42. WAIVER

Waiver of any default or breach shall not be deemed to be a waiver of any subsequent default or breach. Any waiver shall not be construed to be a modification of the terms of this Grant unless stated to be such in writing and signed by Authorized Representative of CTED.

**ADDITIONAL PROVISIONS UNDER THE
AMERICAN RECOVERY AND REINVESTMENT ACT OF 2009
Public Law 111-5**

1. Recovery Act Reporting Requirements; Section 1512(c) of the Recovery Act

Grantee acknowledges and agrees that the American Recovery and Reinvestment Act of 2009, hereinafter "Recovery Act" places great emphasis on accountability and transparency in the use of taxpayer dollars. Among other things, it creates a new Recovery Accountability and Transparency Board and a new website -- Recovery.gov -- to provide information to the public, including access to detailed information on grants and contracts made with Recovery Act funds.

CTED, as a recipient of Recovery Act funds, must comply with the Recovery Act's extensive reporting requirements, including quarterly financial and programmatic reporting due within 10 calendar days after the end of each calendar quarter. CTED must ensure receipt of funds is made contingent on recipients meeting the reporting requirements of Section 1512. CTED will require periodic reports from its sub-recipients in order to fulfill its reporting obligations. Grantees receiving Recovery Act funds may expect that a standard form(s) and/or reporting mechanism will be made available at a future date.

Grantee agrees to provide to CTED all reports, documentation, or other information, as may be required by CTED to meet reporting obligations under the Recovery Act.

Additional instructions and guidance regarding the required reporting will be provided as they become available. For planning purposes, however, Grantees receiving Recovery Act funds should be aware that Recovery Act section 1512(c) provides:

Recipient Reports- Not later than 10 days after the end of each calendar quarter, each recipient that received recovery funds from a Federal agency shall submit a report to that agency that contains—

- (1) The total amount of recovery funds received from that agency;
- (2) The amount of recovery funds received that were expended or obligated to projects or activities; and
- (3) A detailed list of all projects or activities for which recovery funds were expended or obligated, including:
 - (a) The name of the project or activity;
 - (b) A description of the project or activity;
 - (c) An evaluation of the completion status of the project or activity;
 - (d) An estimate of the number of jobs created and the number of jobs retained by the project or activity; and
 - (e) For infrastructure investments made by State and local governments, the purpose, total cost, and rationale of the agency for funding the infrastructure investment with funds made available under this Act, and name of the person to contact at the agency if there are concerns with the infrastructure investment.
- (4) Detailed information on any subcontracts or subgrants awarded by the recipient to include the data elements required to comply with the Federal Funding Accountability and Transparency Act of 2006 (Public Law 109-282), allowing aggregate reporting on awards below \$25,000 or to individuals, as prescribed by the Director of the Office of Management and Budget.

2. Section 1602 of the Recovery Act: Preference for Quick-Start Activities (if applicable)

Section 1602 of the Recovery Act provides:

In using funds made available in this Act for infrastructure investment, recipients shall give preference to activities that can be started and completed expeditiously, including a goal of using at least 50 percent of the funds for activities that can be initiated not later than 120 days after the date of the

Attachment C

enactment of this Act. Recipients shall also use grant funds in a manner that maximizes job creation and economic benefit.

3. Section 1604 of the Recovery Act: Limit on Funds

Section 1604 of the Recovery Act provides:

None of the funds appropriated or otherwise made available in this Act may be used by any State or local government, or any private entity, for any casino or other gambling establishment, aquarium, zoo, golf course, or swimming pool.

4. Required Use of American Iron, Steel, and Manufactured Goods—Section 1605 of the American Recovery and Reinvestment Act of 2009

Section 1605 of the Recovery Act provides:

Use of American Iron, Steel, and Manufactured Goods.

(a) None of the funds appropriated or otherwise made available by this Act may be used for a project for the construction, alteration, maintenance, or repair of a public building or public work unless all of the iron, steel, and manufactured goods used in the project are produced in the United States.

(b) Subsection (a) shall not apply in any case or category of cases in which the head of the Federal department or agency involved finds that:

- (1) applying subsection (a) would be inconsistent with the public interest;
- (2) iron, steel, and the relevant manufactured goods are not produced in the United States in sufficient and reasonably available quantities and of a satisfactory quality; or
- (3) inclusion of iron, steel, and manufactured goods produced in the United States will increase the cost of the overall project by more than 25 percent.

(c) If the head of a Federal department or agency determines that it is necessary to waive the application of subsection (a) based on a finding under subsection (b), the head of the department or agency shall publish in the Federal Register a detailed written justification as to why the provision is being waived.

(d) This section shall be applied in a manner consistent with United States obligations under international agreements.

Grantee shall comply with Section 1605 of the Recovery Act unless compliance has been waived by the Federal Agency providing the funds and when compliance with the Recovery Act does not conflict with an international trade agreement.

Grantee shall provide CTED with information and applicable supporting data as may be required by CTED, to support any request for waiver of compliance with Section 1605 of the Recovery Act.

Grants for the procurement of goods and services in the amount of \$528,000 or more and for construction services in the amount of \$7,443,000 or more are covered by an international trade agreement and are therefore not subject to Section 1605.

If this grant involves an award of Recovery Act funds for construction, alteration, maintenance of a public building or public work that does not involve iron, steel, and/or manufactured goods covered under international trade agreements, the following provision applies:

(a) Definitions. As used in this award term and condition:

“Manufactured good” means a good brought to the construction site for incorporation into the building or work that has been:

- (1) Processed into a specific form and shape; or
- (2) Combined with other raw material to create a material that has different properties than the properties of the individual raw materials.

Attachment C

"Public building" and "public work" means a public building of, and a public work of, a governmental entity (the United States; the District of Columbia; commonwealths, territories, and minor outlying islands of the United States; State and local governments; and multi-State, regional, or interstate entities which have governmental functions). These buildings and works may include, without limitation, bridges, dams, plants, highways, parkways, streets, subways, tunnels, sewers, mains, power lines, pumping stations, heavy generators, railways, airports, terminals, docks, piers, wharves, ways, lighthouses, buoys, jetties, breakwaters, levees, and canals, and the construction, alteration, maintenance, or repair of such buildings and works.

"Steel" means an alloy that includes at least 50 percent iron, between .02 and 2 percent carbon, and may include other elements.

(b) Domestic preference.

- (1) This award term and condition implements Section 1605 of the Recovery Act of 2009 by requiring that all iron, steel, and manufactured goods used in the project are produced in the United States except as provided in paragraph (b)(3) and (b)(4) of this term and condition.
- (2) This requirement does not apply to the material excepted by Federal Government.
- (3) The award official may add other iron, steel, and/or manufactured goods to the list in paragraph (b)(2) of this term and condition if the Federal Government determines that:
 - (i) The cost of the domestic iron, steel, and/or manufactured goods would be unreasonable. The cost of domestic iron, steel, or manufactured goods used in the project is unreasonable when the cumulative cost of such material will increase the cost of the overall project by more than 25 percent;
 - (ii) The iron, steel, and/or manufactured good is not produced, or manufactured in the United States in sufficient and reasonably available quantities and of a satisfactory quality; or
 - (iii) The application of the restriction of section 1605 of the Recovery Act would be inconsistent with the public interest.

(c) Request for determination of inapplicability of Section 1605 of the Recovery Act.

- (1)(i) Any recipient request to use foreign iron, steel, and/or manufactured goods in accordance with paragraph (b)(3) of this term and condition shall include adequate information for Federal Government evaluation of the request, including—
 - (A) A description of the foreign and domestic iron, steel, and/or manufactured goods;
 - (B) Unit of measure;
 - (C) Quantity;
 - (D) Cost;
 - (E) Time of delivery or availability;
 - (F) Location of the project;
 - (G) Name and address of the proposed supplier; and
 - (H) A detailed justification of the reason for use of foreign iron, steel, and/or manufactured goods cited in accordance with paragraph (b)(3) of this term and condition.
- (ii) A request based on unreasonable cost shall include a reasonable survey of the market and a completed cost comparison table in the format in paragraph (d) of this term and condition.

Attachment C

(iii) The cost of iron, steel, and/or manufactured goods material shall include all delivery costs to the construction site and any applicable duty.

(iv) Any recipient request for a determination submitted after Recovery Act funds have been obligated for a project for construction, alteration, maintenance, or repair shall explain why the recipient could not reasonably foresee the need for such determination and could not have requested the determination before the funds were obligated. If the recipient does not submit a satisfactory explanation, the award official need not make a determination.

(2) If the Federal government determines after funds have been obligated for a project for construction, alteration, maintenance, or repair that an exception to section 1605 of the Recovery Act applies, the award official will amend the award to allow use of the foreign iron, steel, and/or relevant manufactured goods. When the basis for the exception is nonavailability or public interest, the amended award shall reflect adjustment of the award amount, redistribution of budgeted funds, and/or other actions taken to cover costs associated with acquiring or using the foreign iron, steel, and/or relevant manufactured goods. When the basis for the exception is the unreasonable cost of the domestic iron, steel, or manufactured goods, the award official shall adjust the award amount or redistribute budgeted funds by at least the differential established in 2 CFR 176.110(a).

(3) Unless the Federal Government determines that an exception to section 1605 of the Recovery Act applies, use of foreign iron, steel, and/or manufactured goods is noncompliant with section 1605 of the American Recovery and Reinvestment Act.

(d) **Data.** To permit evaluation of requests under paragraph (b) of this term and condition based on unreasonable cost, the Recipient shall include the following information and any applicable supporting data based on the survey of suppliers:

FOREIGN AND DOMESTIC ITEMS COST COMPARISON			
Description	Unit of Measure	Quantity	Cost (Dollars)*
Item 1:			
Foreign steel, iron, or manufactured good	_____	_____	_____

[List name, address, telephone number, email address, and contact for suppliers surveyed.]

[Attach copy of response; if oral, attach summary.]

[Include other applicable supporting information.]

[*Include all delivery costs to the construction site.]

6. Non-supplanting of State and Local Funds (if applicable -- consult the program solicitation and the special conditions in the award document)

Grantees must use federal funds to supplement existing State and local funds for program activities and must not replace (supplant) State or local funds that they have appropriated or allocated for the same purpose. Potential supplanting will be the subject of monitoring and audit. Violations may result in a range of penalties, including suspension of current and future funds under this program, suspension or debarment from federal grants, recoupment of monies provided under a grant, and civil and/or criminal penalties. For additional guidance regarding supplanting, refer to the information provided at <http://www.ojp.usdoj.gov/recovery/supplantingguidance.htm>.
